## SUMMARY

- Growth Leadership** ○ I deeply care about building products that inform the world towards a more ideal place. This passion drew me for the past few years to the decentralized web space due to it's high potential to achieve this goal. More generally, I'm focused on growing my depth of knowledge and aptitudes towards building more elegant products with pleasing UX and high leverage utility.

## EDUCATION

- Suffolk University** ○ BSBA, Entrepreneurship, Magna Cum Laude  
Sawyer School of Management  
2006 - 2008
- University of Wyoming** ○ Electrical Engineering, Computer Science, Management  
2004 - 2006
